Comments: Rosie,

I just wanted to drop you a line to let you know I had the pleasure of using one of the contractors from your referral network today. Ralph Coppen from Handyman Connection came out to my house and took care of several odd jobs, including fixing three different arcadia doors, patching some drywall holes, and adjusting another door. He did an outstanding job, arrived ON TIME, was courteous and professional, and the price I paid was the price quoted. WHEN he needed parts, he made a run to a local hardware store, bought the parts needed, and provided me with a receipt to show home much the parts were. I couldn't be more happy with the service I received from Handyman Connection and Ralph specifically! Thank you for your referral network and helping out the little guys by providing the service. I will definitely recommend Handyman Connection and Ralph to my friends and family.

Thanks again,

Dan in Peoria
