Comments: Rosie, based on your referral, I hired Handyman connection to do the work that I hadn't gotten around to, or didn't have the tools and experience to do myself.

Allen gave a competitive quote, then honored the Rosie discount on top of that. Shad performed the work- over two days he removed 5 interior doors & replaced them with paneled doors & new hardware. He also increased the bedroom wall real estate by taking out a door that was unnecessary. Overall I was extremely pleased with their professionalism, the ability to purchase building supplies with no markup, and the high quality of their work. I liked getting a bid based on the job rather than paying by the hour and really appreciated that their experienced professionals travel with all the tools necessary to complete the job. I'll use them again whenever I have a large project in the greater Phoenix area.
