

Dear Mr. Whittaker,

If your vision of your company has always been to strive for top quality workmanship and complete customer satisfaction, that goal was certainly attained by you at TWD with our two recent projects. This note is written in appreciation!

Kon Labrie was our designer on the remodel update, and Scott Richardson was the project manager for both the remodel and our second project of repair and painting of the exterior of our home. Both men provided us with excellence. We also have nothing but praise for the in-house people at TWD and for the subcontractors used by TWD. Your company exemplified very high standards of quality in both its people and

its workmanship! We are so very grateful we made that initial phone call to TWD and will do so again if the need arises.

Again, we are very pleased and satisfied with our completed projects by TWD. We are enjoying the results!!!

Sincerely,

Lynn & Karen Pope
