Question for Rosie
Not a question BUT a big "THANK YOU" to A-Authentic Garage Door Service Co. Our garage door crashed and crumpled on Sat morning. Called A-Authentic and they had a service man to out house in just over an hour. David was very professional, explained what we needed, what we could do, and what we might need later. Everything is now working much better than before. First class operation -- highly recommend them. David did a great job -- boss should give him a raise --- :>). We're native from New Orleans; listen to Rosie most every Sat. Keep it going!!! Thanks for the vendor / service rep referrals. This is our 4th one with great results. bill
